EXPERIENCE & IMPACT ANALYSIS

Detailed breakdown of individual contributions, achievements, and technical depth

Mathew Jerry Meleth
Cloud & Data Engineer
+1 (206) 941-5460 | Seattle, WA

Delivered \$250K revenue recovery insights through Azure/AWS pipeline architecture. Reduced data processing from 1 month to 2 days. Migrated 20+ CI/CD pipelines improving deployment efficiency by...

CAREER HISTORY

- Rocket Mortgage**
Cloud & Data Engineering Intern
June 2025 – September 2025
 - Designed and deployed AWS serverless pipelines processing multi-terabyte datasets, reducing data...
- Mu Sigma**
Data Engineer
August 2021 – July 2024
 - Architected end-to-end big data pipelines using PySpark and Azure Data Factory, accelerating...
- Adobe**
Summer Intern
May 2019 – June 2019
 - Automated customer data ingestion pipelines using Python, reducing manual effort by 20%

TECHNICAL ARSENAL

Cloud Platforms: AWS, Azure, GCP
Big Data: Hadoop, PySpark, Spark SQL
Databases: SQL Server, MySQL, PostgreSQL, MongoDB

Rahil M. Harihar
Product Lead & AI/ML Engineer
+1 (206) 245 0653 | Seattle, WA

Built and scaled \$35K-profit SaaS company from zero; shipped 100+ SAP S/4HANA integrations serving 15+ Fortune 500 clients. Reduced workflow cycles from 48h to minutes. Won competitive RFP at Dubai...

CAREER HISTORY

- Allan Frank Apprenticeship**
Product Lead Research
Sep 2024 – Apr 2025
 - Prototyped multi-agent orchestration with LangChain & CrewAI driving 5 domain agents
- SAP India Pvt. Ltd.**
Development Consultant
Jul 2022 - Aug 2024
 - Consulted for 15+ Fortune 500 strategic SAP Customers integrating HRM, CRM, and banking modules
- AaMaRa Technologies**
Founder and CEO
Jan 2019 – June 2022
 - Bootstrapped to profitability: ₹3 Million (~\$35k) profit over 3 years

TECHNICAL ARSENAL

Product Skills: Product Management, Go-To-Market, User Research, Product Roadmap
AI/ML: TensorFlow, Keras, PyTorch, Sklearn
Programming: Python, C, Java, SQL

Siddarth Bhave
Software Development Engineer
+1 (206) 859 3417 | Seattle, WA

Engineered AWS cost optimization saving \$1M annually. Led distributed ETL systems processing 75M Kafka records/minute. IEEE Best Paper Award recipient. Sole architect on critical observability...

CAREER HISTORY

- Amazon Web Services (AWS)**
Software Development Engineer Intern (DynamoDB Networking)
Jun 2025 - Sep 2025
 - Engineered eBPF-based metrics collection framework with <5 microseconds latency overhead
- Morgan Stanley**
Software Development Engineer 2
Jan 2024 - Aug 2024
 - Led integration of Mimir increasing metric retention by 50% and decreasing query time from 5...
- Aamara Technologies**
Co-founder and Chief Technology Officer
Jul 2022 - Sep 2024
 - Led team of 15 developers delivering 6 projects in 26 months while profitable since day 0

TECHNICAL ARSENAL

Programming: Python, Java, C++
Cloud & Infrastructure: AWS, Kubernetes, Docker
AI/ML: LangChain, CrewAI, Hugging Face, PyTorch

Shreyas B Subramanya
Senior Product Manager
206-530-9975 | Seattle, WA

Drove 70% supply-chain performance improvement across 20+ global implementations. Designed Delta Lake validation frameworks ensuring high-quality ERP data flow. Strategic roadmap owner at o9 Solution...

CAREER HISTORY

- o9 Solutions**
Senior Product Management Intern
Jun 2025 – Present
 - Developed AI-driven process automation agents leveraging enterprise knowledge graphs
- o9 Solutions**
Product Manager II
May 2023 – Aug 2024
 - Developed strategic supply-chain roadmap for Advanced Planning Product across 20+ global...
- o9 Solutions**
Product Manager I
May 2022 – Apr 2023
 - Designed and launched project-health tracking product increasing early risk detection

TECHNICAL ARSENAL

Product Skills: APS, Supply Planning, Inventory Optimization, S&OP
Technical: SQL, Delta Lake, Tableau, Power BI
Data Engineering: ETL/ELT Pipelines, Big Data Systems, Master Data Management

KEY ACHIEVEMENTS

- \$250K revenue recovery via data pipeline optimization
- Beat Zoho in competitive RFP at Dubai Islamic Bank
- \$1M annual savings via eBPF monitoring framework
- 70% batch-run time reduction in supply chain ops
- IEEE Best Paper Award winner (CSITSS-23)
- 500+ professionals certified on o9 platform

INDUSTRIES SERVED

FinanceTechnologySupply ChainHealthcareRetailBanking

LEADERSHIP IMPACT

- Managed \$60K annual budget (SAP Ambassador)
- Led 15-person development team
- 20+ global implementations
- 1,500+ employees represented
