

Candidate with 3+ years shipping data-driven products across ERP, SaaS integrations, and AI.
Turns messy workflows into simple UX; sets OKRs, runs experiments, and ships.

EDUCATION

University of Washington	Seattle, WA, USA
Master of Science in Information Management (AI + Product/Project Management Specialization) (GPA: 3.9/4)	Sept 2024 - June 2026
Ramaiah Institute of Technology	Bangalore, India
Bachelor of Technology, Computer Science Engineering	Aug 2018 - Jul 2022

SKILLS

Industry Skills: Product Management, Go-To-Market, User/Market Research, Product Roadmap, PRDs, OKRs, Risk Identification, Agile/Scrum
IT Skills: Python (Flask, TensorFlow, Keras, Sklearn, PyTorch, Pandas, NLTK) | C | Java | SQL | JavaScript | Groovy | Mongo | React | Node | PowerBI
Agentic Frameworks: LangChain | CrewAI | OpenAI SWARM (Agents SDK) | Google ADK | Microsoft AutoGen | PhiData || **MCP** | **Google A2A**
Certifications and Workshops: Artificial Neural Networks (NVIDIA, 2021) | Cloud Platform Integration | SAP Design Thinking | SAP BTP

APPRENTICESHIP: [Allan Frank](#) (Co-Founder of The Hackett Group, Ex- CTO KPMG, Capgemini)

Product Lead Research	Remote, USA Sep 2024 – Apr 2025
<ul style="list-style-type: none">PoC Multi-agent orchestration: prototyped Python/FastAPI with LangChain & CrewAI; central GPT-4-powered reasoning engine drove 5 domain agents (Finance, SCM, HR, CS, Ops) with Pydantic-validated REST/MQ/IDoc ingestion, enabling invisible cross-functional insightsPoC Unified data → ML micro-services: built real-time ERP/CRM pipelines feeding 100+ GB data (historical snapshot, then 5 GB/day incremental) to containerized SARIMAX/Prophet, XGBoost/LightGBM, Isolation Forest/Autoencoder, and LSTM models from GCP’s Model Garden, achieved 90% accuracy; exposed results via secure JWT/RBAC APIs that delivered less than 200ms forecasts. Cutting cycle time from 48 h → minutesPoC UX & workflow automation: developed React + Plotly/D3 dashboard with Slack/Teams ChatOps; Elastic + FAISS vector search enabled contextual recall & recommendations; central orchestrator augmented Procure-to-Pay & Order-to-Cash reasoning flows, showcasing autonomous task decomposition and human-in-loop overrides. Cutting cycle time from 48h to minutes. _	

WORK EXPERIENCE

SAP India Pvt. Ltd.	Bangalore, India Jul 2022 - Aug 2024
Development Consultant	
<ul style="list-style-type: none">Cross-functional Collaboration: Aligned release schedules and daily hand-offs with functional leads in SD, MM, PP, FI/CO, EWM, BW/4HANA, BRIM, SuccessFactors, and Ariba across NA, EMEA, and APJ, ensuring 24-hour follow-the-sun continuity for end-to-end S/4HANA processes.Project Coordination: Utilized JIRA, Confluence, MS Project, and other project-management tools to coordinate and track deliverables across multiple projects, collaborating with development partner teams from IBM, Accenture, and Capgemini.Client Engagement & Solution Delivery: Consulted for 15+ Fortune 500 strategic SAP Customers by integrating HRM, CRM, banking modules, and third-party SaaS solutions into SAP ERP as per the customer’s business requirements and ensuring customer retention and engagement KPIs were metEnd-to-End Integrations: Architected and deployed 100+ complex end-to-end integration scenarios in SAP CPI, connecting SAP S/4HANA, ECC, and third-party applications (like Salesforce and SuccessFactors). By leveraging SOAP, OData, IDoc, and other adapters.Hybrid Landscape Deployments: Configured 30+ secure connections between on-premise ERP systems and cloud services using SAP Cloud Connector, cutting latency by an average of 30% and improving data visibility for cross-functional teams (10,000+ business documents daily)	
SAP India Pvt. Ltd.	Mumbai, India Jan 2022 - Jun 2022
Pre-Sales Innovation Intern	
<ul style="list-style-type: none">Independently conceptualized and monetized transformative HR software: developed Python-based software integrating NLP and machine learning to screen and preliminary rank resumes, enhancing HR efficiency by 30%, and generating revenue for SAP via licensing to major clientsEngaged with stakeholders from Fortune 500 companies to validate the idea, POC, and product as an intern. Recognized by my manager for exceptional stakeholder engagement and persuasive communication, earning complete autonomy of the project and a recommendation for a full-time consulting role	

ENTREPRENEURSHIP

AaMaRa Technologies, Founder and CEO	Bangalore, India Jan 2019 – June 2022
<ul style="list-style-type: none">Bootstrapped to profitability: generated ₹3 Million (~\$35k) profit over 3 years, self-funded growth.Won competitive RFP at Dubai Islamic Bank, beating Zoho, to build an Asset Management SaaS for enterprise use.Shipped 5 products (ERP, SaaS, AI, marketing ops) and set up AMC contracts to finance continuous delivery.Owned product lifecycle end-to-end: customer discovery → PRDs → roadmaps/OKRs → RICE prioritization → sprints → launch → iteration.Built a data feedback loop (SQL/Python dashboards) tracking CAC, CTR/ROAS, retention; used insights to prioritize features and GTM.Drove performance marketing and landing-page experiments; partnered with design/eng to simplify funnels and increase conversion.Pro bono: Secured \$10k/month Google Ad Grants and structured campaigns that raised \$18k donations in 60 days for a nonprofit.Led cross-functional delivery: coordinated engineering + design + stakeholders; mentored interns; established sprint rituals, code reviews, and postmortems.	

EXTRACURRICULAR ACTIVITIES

Captain, Team India, International level Handball

Jan 2012 – Jan 2019

- **Captained** Team India at an international tournament in Denmark (2016); later, escorted teams as a Team manager; won multiple championships. Learned fast decision-making under pressure.

Early Talent Ambassador, SAP

May 2023 – Aug 2024

- **Represented over 1,500 employees** globally as an **Early Talent Ambassador** for India Network, fostering collaboration across teams while managing a \$60,000 annual budget with a dedicated cost center, reporting directly to SAP's headquarters in Germany

Volunteer, [Vanavasi Kalyan Ashram](#), India.

Jan 2011 – Present

- **Empowered** tribal communities by providing education and urged mothers in town to set aside a fistful of rice every time they cooked. This rice was collected and distributed to **six** tribal hostels, resulting in the collection of over **1,200 pounds of rice monthly**, from **80+ households** for more than 12 years. Manage **\$10,000/month** in Google Ads

Smart India Hackathon (Software Edition)

Dec 2019, Patna

- Emerged as **winners** in the Smart India Hackathon 2019 (Software Edition) by conceptualizing and creating a specialized e-commerce website catering specifically to agriculturists, facilitating seamless B2B trade, and eliminating intermediary roles

Core Committee, Google Developer Student Club

Aug 2019 – July 2022

- **Organized** year-round hackathons, industry tech talks, and workshops on Blockchain, Big Data, NLP, and AI, engaging 150+ students per event.
